I think Nadia is planning to attend on Wednesday, but I'm not certain. I'm out of the office all week. Superfund is moving to a new office space this week. As a result, many of us are working from home while the movers do their work.

I will not be present in Oakland but I may call in. In any case, I would like to stay on the distribution list until I wrap up a FOIA request that we received and agreed to see through. I'll let you know when that is finished so that you can remove me from distribution.

Will you and Nadia be attending in person on Weds? Should I remove you starting now from the distribution list, or do you want to be included for this month as a transition?

Thanks, I really enjoyed working with you. You were always so responsive to any requests from EPA. The professionalism of the Team made my job easy and the progress I've seen has been amazing.

Subject: Personnel Change for EPA on Treasure Island

Dear Treasure Island BCT:

EPA is reorganizing and part of the reorganization is a change in the EPA person assigned to Naval Station Treasure Island. Nadia Hollan Burke is replacing me. I've seen lots of progress while assigned to TI and am sure this good work will continue.

Nadia is a very experienced Remedial Project Manager with both Federal Facility and Private Site assignments. She has also been very active in EPA's National Association of Remedial Project Managers.

Please welcome Nadia at the next BCT Meeting on Wednesday.

Thanks and Farewell,

David Stensby
